

## REMARKS

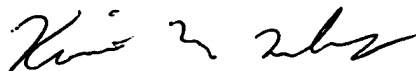

This is intended as a full and complete response to the Office Action Requirement dated November 2, 2005, having a shortened statutory period for response set to expire on February 2, 2006. Claims 1-21 and 26-29 remain pending in the application and are shown above. Claims 1-21 and 26-29 stand rejected by the Examiner. Please reconsider the claims pending in the application for reasons discussed below.

Claims 1-21 and 26-29 stand rejected under 35 USC §102(e) as being anticipated by *Yang et al.* (US Patent Publication No. 2004/0016637).

Applicant respectfully traverses the rejection on ground that the instant application is filed prior to the relevant reference date of *Yang et al.* As the Examiner's rejection is based upon 35 U.S.C. § 102(e), the filing date, July 8, 2003, of *Yang et al.* is the relevant reference date. The instant application claims priority to United States provisional patent application serial number 60/463,860, and is entitled to the filing date of April 18, 2003, which is prior to the relevant reference date of *Yang et al.* Accordingly, withdrawal of the rejection and allowance of claims 1-21 and 26-29 are respectively requested.

Having addressed all issues set out in the Office Action, Applicant respectfully submits that the claims are in condition for allowance and respectfully request that the claims be allowed.

Respectfully submitted,

---
